Actions to stop doing:
- We should stop focusing on distractions and work more on the project.
- We need to stop missing meetings without telling the rest of the team.

Actions to start doing:
- We should to manage our time better and our workloads in other classes.
- We should to take care of our bodies and sleep more.

Actions to keep doing:
- We should continue to keep each other informed on our progress on tasks.
- We should continue to communicate clearly during meetings.

Work Completed:
- Back-end: Setup MongoDB to save links (ID) to music
- Setup services to connect back-end to front-end
- Store the actual music audio files in an AWS server
- Randomly retrieve music from database
- Implement landing page design/skeleton using HTML/CSS
- Design landing page for the website with HTML/CSS: UI, Logo/Mascot, Backdrop
- Make navigation bar UI: Landing page link and About page link
- Use Music player plugin on front-end to make UI to play music, stop music, volume control
- Use AI to generate music (NOTE: this, like training, will continue in the background of the entire project)

Work Not Completed:
- N/A

Work Completion Rate:
- User Stories Completed: 2/2
- Ideal Work Hours Completed: 38
- Days Spent: 14
- User Stories Per Day This Sprint: .14
- Ideal Work Hours Per Day This Sprint: 2.71
